

To Tillex customers

## **Declaration on compliance with REACH regulation, the POP regulations and the ROHS directive**

Tillex hereby declares that:

- products from the company do not contain substances that are listed on the candidate list re Article 59, item 1 and 10 in the REACH Regulation (EC) 1907/2006 with subsequent amendments – the so-called “Substances of Very High Concern” (SVHCs) – in a concentration above 0,1% (weight);
- products from the company do not contain Persistent Organic Pollutants (POP substances) in accordance with the POP regulation (EU) 2019/1020 with subsequent amendments;
- products from the company complies with the threshold values stated in the ROHS directive 2011/65/EU with subsequent amendments.

Tillex assures compliance with these requirement by acquiring declarations from the company's suppliers of materials that their materials do not contain SVHCs or POPs and that they comply with the threshold values in ROHS. Furthermore, Tillex manufactures its products in such a way that SVHCs are not produced during the process that might end up in the end-products.

Kind regards,
